DEELING A.

J. J. Veyds Esq
State Secretary
Pretoria

As Italy does not have any representation at Pretoria, we take the liberty to address ourselves to your kindness for the following information which we need for the publication of the "Annuario statistico universale" for 1896.

Are there in the So. African Republic any Italians, and if so what is their name, business or profession? Do you have any Consul in Italy, where? Is there any probability of success for good emigrant to establish themselves in your country, do you give free land?

If your Government did publish book or pamphlet referring the Transvaal, kindly let us have copies, and greatly obliged

Your Obedient Servant
